

Longer Filter Life. Better Value..

When buying an air cleaner, don't just compare the retail price. The Austin Air cleaner was built to last. Our filters carry a full 5-year pro-rated guarantee.

While the initial costs of competing brands are comparable, nothing beats an Austin Air cleaner. Over 5-years, when you add the cost of filter replacements the true cost of a competitor's air cleaner can be almost 5-times the cost of an Austin Air cleaner.

Superb performance, unsurpassed quality, the best warranties and exceptional value - it's why the Austin Air cleaner is America's favorite and is rated #1 in the world today.
